LEARN HOW SECTION 3 IS SCORED

If you want more information about how your exam was scored, you can learn more on our Web site at www.ncidq.org/Exam/Scoring.aspx

NEW! SEE EXAMPLES OF ACTUAL PASSING AND FAILING SOLUTIONS

Now that you have taken the exam, you are probably curious to know how it was scored. Now you can find out! NCIDQ's newest Practice Design Problem (PDP) was created from the fall 2010 examination and is being developed for use as preparatory materials.

When you purchase online access to PDP 2010-02 you can view samples of three solutions: a pass, borderline pass and borderline fail. Also included are comments indicating the strengths and weakness of each solution.

PDP 2010-02 is for sale exclusively from NCIDQ and will be available starting mid-December. Visit www.ncidq.org for more information and to purchase.
